Roosevelt Sounds Warning of Other Allied Reverses

President Calls For Uninterrupted Work in Nation's Industries

Washington, Feb. 24—(AP)—President Roosevelt admonished the American people last night to prepare themselves for further reverses on the war fronts, and even as he spoke an enemy submarine was raking a spot on the California coast with gunfire.

By the grimmest coincidence, the bombardment opened up just before Roosevelt reached that portion of his speech in which he declared that the nation also could expect to suffer continuing losses at the hands of axis underseas raiders in both Atlantic and Pacific "before the turn of the tide".

To speed the turn of that tide, Roosevelt called for "uninterrupted production" to build up an overwhelming superiority of war supplies for the ultimate grand offensives of the united nations.

The president's voice was sharp as he stressed the two words—"uninterrupted production"—although he made no specific mention of the series of work stoppages which, for various reasons, halted war production in some industries yesterday.

Roosevelt was unaware of the California coast bombardment while he delivered his 35-minute radio address to the nation and to much of the world, but he said early in his talk that the battle ahead was "warfare in terms of every continent, every island, every sea, every air-line in the world".

**Not Unduly Surprised**

The Capital was not unduly surprised to learn of the bombardment—indeed the likelihood of such sporadic raids was foreseen in competent quarters here early in December when the first Japanese submarines appeared off the Pacific coast.

The immediate reaction was that such forays showed a poor understanding of American psychology, and that, instead of creating mortal terror, they would have the opposite effect of making the people fighting mad.

And a fighting mad people, many thought, would rise at once to the "prodigious effort" to which Roosevelt summoned the United States last night.

"The task that we Americans now face will test us to the uttermost," the commander-in-chief declared. "Never before have we had so little time in which to do so much."

The president's address had both a somber side and an encouraging side.

The axis, he reported, was exerting every ounce of strength, striving against time, in a supreme effort to destroy the lines of communications linking the United Nations, so that the allies would be isolated and then conquered one by one.

**Forced to Yield Ground**

The United Nations had been forced to yield ground and might have to yield more, he acknowledged, but he added:

"Actually we are taking a heavy toll of the enemy every day that goes by."

Specifically, he said, "to date—and including Pearl Harbor—we have destroyed considerably more Japanese planes than they have destroyed of ours."

Moreover, Roosevelt disclosed,

The War Today!

BY DEWITT MACKENZIE  
Wide World War Analyst  
(Telegraph Special Service)

Such a flood of letters pro and con has poured in since my recent column on the dangers of complacency towards the war that I am impelled to return to the subject, especially since a considerable number of correspondents protest that there is no complacency in their communities, and cite chapter and verse to prove it.

Obviously there are two sides to the question and it's only fair to give the non-complacency view. This is that the people of the communities cited are doing everything which has been ordered or suggested in support of the war-effort—they are gladly going into the armed services, sending their sons into the services, standing in lines to buy defense bonds, and otherwise contributing to the cause. Almost without exception they write me:

"If we are lacking, it's because the authorities haven't given us guidance. We are eager to serve, but we lack officialdom to tell us what is wanted."

Well, that surely is a fair request. As a matter of fact that word "complacency" always has seemed to me not quite accurate. Many sections undoubtedly are being charged with complacency when their real fault is lack of guidance as to what is needed.

It sounds to me like a clear voice paging Washington for the information which will put all of us on our toes in this greatest of crises. Presumably the Capital is working on this very problem, and we have a right to expect that guidance will be forthcoming shortly. If it isn't, we should ask for it.

I have a sneaking suspicion that when our assignments come it's going to make tough sledding for a lot of folk. We must recognize, for instance, that the whole country is being keyed to war. This means that a minimum of maybe 15,000,000 workers will be needed for defense projects, in addition to 7,000,000 and likely more who will go into the fighting services. Remember what President Roosevelt said in his speech last night:

"If a just and durable peace is to be attained, or even if all of us are merely to save our own skins, there is one thought for us here at home to keep uppermost—the fulfillment of our special task of production."

It strikes me that it won't be surprising if we reach the point where the government will have to assign each of us to the job for which we are best suited, irrespective of what we have been doing, or where we have been doing it. That would mean a great change in our lives.

In any event, we should get mentally prepared to make such a sacrifice. We also might be checked.

Political Freedom for India Favored by British Regime

House of Lords Told of Position; Churchill Speaks to Commons

London, Feb. 24—(AP)—The British government "is in favor of India's political freedom," Lord Cranborne, colonial secretary, stated today in the House of Lords.

Cranborne, who became government leader in the House of Lords in the week-end shakeup of the cabinet, declared that "His Majesty's government welcome the message of Chiang Kai-Shek to the Indian government."

"We are glad that there should be the closest understanding between the Indian and Chinese peoples, Chiang Kai-Shek urged India to rally to the cause of liberty and so do we," said Lord Cranborne.

"He expressed himself in favor of India's political freedom and so are we. If the Indian leaders would get together and devise some scheme which would be satisfactory to all, the Indian problem would be solved."

**Refuse to Work 8 Hours in Shipyard**

San Pedro, Calif., Feb. 24—(AP)—The day shift, 3,500 members of the CIO Shipyard Workers Union of America, walked off the job of building \$81,000,000 worth of destroyers for the U. S. navy after eight hours yesterday. They said Bethlehem Steel Co. demanded that they work 10 hour shifts.

Whether 1,500 fellow employees quit the night shift after eight hours, or worked 10, was not reported.

A Bethlehem spokesman said "They're still on the job" at 3:35 a. m., but at 4:10 a. m. (6:10 a. m., CWT) declined to say whether the shift still was at work. "I have information" was his reply to every query.

Union spokesmen were not available and the telephone at union headquarters was not answered.

Earlier, union spokesmen emphasized that the workers were not striking.

They said the men were refusing to work a 10 hours schedule inaugurated two weeks ago by the company. Spokesmen said they would return at their regular times, 7 a. m. and 7 p. m. and work eight hours.

Southern Illinois Has Heaviest Snowfall of Winter During Night

Chicago, Feb. 24—(AP)—Southern Illinois had its heaviest snow of the winter last night, and while roads were kept open with snowplows, state police said driving conditions were treacherous in many places.

Light snow is still falling over most of Illinois, but Forecaster G. E. Dunn promised that there would be little more snow to go with moderately cold temperatures.

The snowfall ranged from four inches at St. Louis, Effingham and Evansville, Ind., to an inch and a half at DuQuoin. In the rest of the state, it measured an inch or less.

Hazardous road conditions resulted in several accidents in southern Illinois but state police reported only one fatality. The victim was Mrs. Grace Schad of Effingham, 39, who was killed in a collision of two cars near Sigel during a snow storm yesterday afternoon. Her husband, Virgil, their son, and another man were injured.

A bus, east-bound from St. Louis, slid in a ditch near Breeze last night with about 35 passengers but continued under its own power when pulled out five hours later. The passengers escaped injury.

Six cars were in ditches at one time on an 18-mile stretch of highway between Centralia and Salem but only one accident victim in the Centralia area was hospitalized for treatment. He was Hobart Alexander of Murphysboro, 27, who was injured in a traffic mishap near Irvington.

Defenders of Java Gird to Meet Japs Supreme Offensive

Situation on Bataan Is Reported Quiet Today by Gen. MacArthur

**BULLETIN**

Mandalay, Buina, Feb. 24—(AP)—Fighting raged today for 100 miles along the lower Sittang river, to which the British had withdrawn after abandoning their Bilin river line 30 miles to the east.

By ROGER D. GREENE  
Associated Press War Editor

President Roosevelt's pledge that the United Nations would take the offensive "soon" aroused shining new hope in the anti-axis lands today as defenders of Java girded for a climactic assault by Japan's sea-borne invaders.

In the first official disclosure that a sizeable A. E. F. vanguard was already on the scene of action, Roosevelt declared that United States forces in the Far Pacific were steadily growing and that "thousands of American troops are today in that area."

London newspapers gave the President's speech an enthusiastic endorsement, with the Daily Sketch commenting that Roosevelt "gave the world a tremendous message of confidence and cheer—never has America faced greater dangers than she does today; never has she shown such invincible ability to meet them."

Axis reaction was typified by Domei, official Japanese news agency, which asserted that the address was like "a pep talk by an irate football coach" and that "a noteworthy commentary was furnished by the report that a Japanese warship was shelling the American mainland at about the same time he was speaking from the White House."

**German Comment**

A German radio commentator in Berlin said Roosevelt was right twice and wrong once in his speech.

He was right when he said Germany, Italy and Japan had staked "their last ounce of energy" to cut Anglo-American supply lines all over the globe, he declared.

He was right when he said axis production was at its peak, the commentator continued, adding that it already surpassed total Anglo-American production.

But—said the commentator—he was wrong in assuming axis production would not increase.

"Mr. Roosevelt could hardly anticipate how much he pleased Germany, Italy and Japan when he stated that nothing has happened which could make him change his previous plan of strategy in this war," the radio spokesman said.

**Other World-Wide Developments:**

**Burma**—London military quarters said the Japanese drive into Burma appeared nearing its maximum power and that the invaders were throwing fresh troops against British positions along the Sittang river, 20 miles from the Rangoon-Lashio railway.

Fighting stubbornly, British troops were forced to withdraw across the 30-mile area between the Bilin and Sittang rivers, but fresh Chinese reinforcements were reported streaming into Burma to stem the Japanese onslaught.

**Australia**—Royal Australian airman attacked Japanese-occupied Rabaul, New Britain island, overcoming Japanese fighter planes to bomb airdromes and shipping in the harbor.

**Pacific Coast**—A war department bulletin said Army and Navy aircraft and surface ships were scouring the waters off California in quest of an enemy submarine "apparently Japanese" which shelled an oil refinery near Santa Barbara last night. No casualties were reported.

**Atlantic Coast**—The German high command said Nazi U-boats operating in the Atlantic and off the American coast had sunk eight more ships totalling 63,000 tons.

**Philippines**—Gen. Douglas MacArthur reported a lull in ground fighting during the past 24 hours and said Japanese planes continued to harass the islands.

In Reply

Washington, Feb. 24—(AP)—"Tell that to the Marines" is President Roosevelt's reply to axis propagandists claiming that Americans are too soft to fight.

The theme of the propaganda, he said last night, has been that Americans have considerable industrial power but are too soft and decadent for war.

"From Berlin, Rome and Tokyo we have been described as a nation of weaklings—playboys—who would hire British soldiers, or Russian soldiers, or Chinese soldiers to do our fighting for us," he said.

"Let them repeat that now! Let them tell that to General MacArthur and his men. Let them tell that to the sailors who today are hitting hard in the far waters of the Pacific. Let them tell that to the boys in the flying fortresses. Let them tell that to the Marines!"

Relief of Besieged Leningrad by Reds Expected Any Time

(By The Associated Press)

Russia's armies drove a spearhead against the heart of the German "Escape Corridor" from Moscow today, sharply threatening the main axis route of retreat with the capture of Dorogobuzh, only 15 miles south of the Moscow-Smolensk railroad, midway between Vyazma and Smolensk.

Dorogobuzh is 50 miles east of Smolensk, key German base on the Moscow front.

A Vichy (French) radio broadcast quoted the German radio as saying that the Russians had launched their biggest offensive of the war and that the relief of long-besieged Leningrad was expected at any moment.

Soviet front-line dispatches said the Germans were burning everything in their retreat on the central front.

At the same time, the British radio reported that the Red army had also captured the town of Panino, 14 miles north of the beleaguered Nazi base at Rzhev which in turn is 125 miles northwest of Moscow, and guards the north flank of the withdrawing Nazi invaders.

**Hitler's Account Vague**

Berlin several days ago reported heavy fighting south of Rzhev. Adolf Hitler's field headquarters again gave a vague account of fighting on the long winter-bound front, asserting that "at various points, formations of the army and air force repulsed more enemy attacks."

German night raiders were credited by the high command with setting big fires in the Russian fortress at Sevastopol, in the Crimea.

More than 14,000 Germans were declared to have been killed in the fighting.

**Clerk Reveals That Sen. Lundeen Once Gave Anti-British Addresses**

Washington, Feb. 24—(AP)—A federal court jury was told today that the late Farmer-Labor Senator Ernest Lundeen of Minnesota delivered anti-British addresses written by George Sylvester Viereck in 1940 when he knew the German propagandist was in the pay of the Nazi government.

Mrs. Phyllis Spielman, a former clerk in Lundeen's office, testified that the senator and Viereck "worked together" in preparing and distributing isolationist propaganda. Viereck is on trial on a charge of failing to report all his activities as a registered German agent to the state department.

Mrs. Spielman said the senator told her that Viereck worked for a Munich newspaper, was registered as a foreign agent with the state department, "and was being paid by the German government."

"The senator said that in the event of war between the United States and Germany, Viereck would have to sever his relationship with Germany," she said.

Enemy Sub Fired 15 Badly Aimed Shells at Goleta Refinery

No Casualties, Little Damage in First Attack on U. S. Soil

Santa Barbara, Calif. Feb. 24—(AP)—An enemy submarine fired its reply to President Roosevelt's war address in the very middle of his chat last night—15 shells badly aimed toward an oil field and refinery near Goleta, seven miles north of here.

Witnesses said the shells, presumably of the shrapnel type, exploded large volumes of dirt from beaches and pastures, frightening horses into screaming madly—but his only one well. The pumping plant and derrick of that well were damaged. However, no fires were started. No one was killed or injured.

It was the first attack upon United States soil in this war, although Japanese submarines off the Pacific coast and German submarines off the Atlantic have sunk some ships and damaged others.

Once before, in the World War, a German submarine disguised as a freighter, shelled the mainland in an attack on a tug and a string of barges off Orleans, Mass. Only casualty was a helmsman, who lost part of a hand.

Witnesses said the first shell was fired at 7:10 p. m. (9:10 p. m., CWT) and that the attack continued until 7:35 p. m. twilight.

The coast was blacked out at 8 p. m., from Goleta 25 miles south to Carpinteria. Radios only were silenced in the remainder of southern California. The all clear was given at 12:12 a. m., (2:12 a. m., CWT).

**Several Flares Sighted**

Several flares were sighted just off the coast during the blackout. Police at Ventura, 27 miles south of here, presumed they were dropped by U. S. airplanes searching for the submarine. However, army officials gave no information regarding the flares or whether planes were sent in search of the sub.

**Tanker Torpedoed Off Atlantic Coast**

West Palm Beach, Fla. Feb. 24—(AP)—An American-owned tanker, the 5,287-ton Republic of Houston, Texas, was torpedoed by an enemy submarine off the Atlantic coast with an apparent loss of five lives.

Twenty-eight survivors, two of them slightly injured, were brought ashore, the navy announced today.

The 392-foot Republic was owned by the Petroleum Navigation Company of Houston. The navy did not make public the spot at which she was attacked by two torpedoes from the enemy raider.

Three men were believed to have lost their lives in the engine room. They were Carter Ray Ebbs, third assistant engineer of Houston, Texas; Ernest R. Beverly, oiler, of New Orleans, and Jose Fernandez, a fireman, whose address was unknown.

Two others, Herman Hilker, messman of Houston, Texas, and Phil Dancereaux, messman of New Orleans, were missing and believed drowned.

Third Mate Charles A. Felder, 62, of Houston, Texas, was the only member of the crew who reported seeing the enemy submarine.

"It was a whopping big one," he said. "I think it was cruising around to make certain that we didn't try to signal with lights. I believe they would have turned machine guns on us if we had."

Slogan

With Gen. MacArthur on the Bataan Peninsula, Feb. 20—(Delayed)—(AP)—A "Bomber for Bataan" fund has been started among the American-Filipino troops fighting the Japanese on the Bataan peninsula and from Corregidor and other fortified Manila Bay islands.

The movement to raise funds to obtain at least one bomber from the United States started spontaneously after the troops had heard a broadcast reporting that production of airplanes by Ford and other American producers was running at astronomical figures.

This slogan was adopted: "Better Buy One Bomber Than Be Buried on Bataan."

The campaign still is in its beginning stages but organizers believe that inasmuch as many soldiers have indicated a willingness to contribute up to one month's pay it will be possible also to raise funds for a ship to bring the bomber here plus high war bonuses for the ship's crew and to purchase gasoline and bombs.

Plenty of aviators already are here to fly the bomber.

Destroyer Truxton, Stores Ship Pollux Are Pounded to Bits

At Least 189 Officers and Men Known Dead in Sea Tragedy

Washington, Feb. 24—(AP)—A United States destroyer and a naval stores ship have been pounded to pieces off the rocky east coast of Newfoundland in a roaring gale, the navy announced today, with a loss of at least 189 officers and men.

Among the dead was Lieutenant Commander Ralph Hickox, 38, of Washington, D. C., who commanded the destroyer, the Truxton, an old four-stacker of World War vintage. The commander of the stores ship, the Pollux, was not identified but the navy reported he was a seaman.

The heavy loss of life was attributed to the fact that the two ships, constituting a portion of a convoy, were torn to wreckage under the merciless battering of wind and wave very quickly after they ran aground.

The double disaster occurred in daylight but visibility was extremely low. The frothy currents set up by the dashing of the waters against rocks and reefs made the coastline indistinct and regular aids to navigation were obscured by low sweeping scud. The point at which the ships went aground was described as near the entrance to Lawrence harbor on which is located the town of Lawrence, Newfoundland.

**Residents Praised**

Residents of that place were praised by the navy for their heroic efforts in pulling such men as survived through the icy storm-tossed seas to safety.

The certain dead aboard the Truxton were placed at 7 officers and 90 men and there was a possibility that three more deaths would be confirmed later, the navy said. Dead aboard the Pollux were 1 officer and 91 men.

The Truxton was the same type of old destroyer as the Reuben James which was torpedoed and sunk in the North Atlantic off Iceland with the loss of 100 officers and men last fall.

The normal complement of the Pollux, a new 6,085-ton merchant vessel which had been taken over by the navy only last year, was not given.

Disclosure of the loss of the Truxton, following closely on the navy's announcement yesterday that the coast guard cutter Alexander Hamilton had been torpedoed and later sunk off Iceland with a "moderate" loss of personnel, was made in a communiqué which tersely described efforts at rescue and how difficult they were on the rocky coast and in the oil spilled from the broken ships.

**Some Men Washed Ashore**

Efforts to put lines ashore from the stricken vessels failed. A breeches-buoy finally was rigged to a ledge at sea level, but some survivors were washed away before they could be gotten to the top of the cliff that lined the rocky coast.

The Truxton, the navy said, broke up almost immediately after grounding and soon afterward the Pollux also went to pieces under the pounding of the violent seas.

Such as did survive owe their rescue in large measure, the navy declared, to the "tireless, efficient and in many cases heroic action of the people of St. Lawrence, Newfoundland."

The announcement of the double sea tragedy was made in navy communiqué number 44, based on reports received up to 8:30 a. m., CWT today.

The 6,085-ton Pollux, a converted merchantman, was completed in 1940 at Kearney, N. J., at a cost of \$2,100,000. She was then named the Comet and was owned by the Maritime Commission.

The normal complement as a naval stores ship called for 18 officers and 160 men. She had a speed of 15 knots and was converted into a naval auxiliary at a cost of \$1,500,000.

She was placed under the command of Commander Hugh W. Turney when she was commissioned at Brooklyn's navy yard last May 6.

The 1,190-ton Truxton was a flush-decked four stacker completed in 1921 and capable of 35 knots. Her complement called for 122 men.

In May, 1940, the Truxton was in the American squadron operating out of Lisbon. After this detail she saw service in the squadron training naval reservists on Caribbean cruises.

Program for Post-War Settlement of Lease-Lend Signed

Washington, Feb. 24—(AP)—An Anglo-American agreement on broad principles for post-war settlement of lend-lease aid extended Great Britain was announced today by the White House.

Pointing out that it was too early in the struggle to foresee or define detailed terms of settlement, the agreement set forth a "fundamental framework" which included expansion of trade, elimination of discriminatory treatment in international commerce, a reduction in tariffs, and in general the attainment of the economic objectives of the Atlantic charter.

More specifically, it stated that articles which at the end of war can be returned to the United States, and which this nation wants back, will be returned.

Full account is to be taken of all reciprocal aid.

The agreement, signed yesterday by Sumner Welles, Acting Secretary of State, and Viscount Halifax, the British ambassador, declared that the terms finally agreed upon "shall be such as not to burden commerce between the two countries, but to promote mutually advantageous economic relations between them and the betterment of world-wide economic relations."

**Open to All Others**

It was stipulated that the proposed Anglo-American post-war economic improvements were "open to participation by all other countries of like mind."

In detail, those objectives were listed as: "Expansion, by appropriate international and domestic

**Comm. Hughey, Decatur, Gets Fined for Swindling**

Springfield, Ill., Feb. 24—(AP)—The conviction of City Commissioner Beecher Hughey of Decatur on charges of omission of duty in failing to turn a \$72 check into the city treasury in 1940 was upheld today by the Third District Appellate court.

The Appellate court decision ruled that evidence in Hughey's trial before the Macon county Circuit court sustained "beyond all reasonable doubt" the charge of palpable omission of duty. Hughey was fined \$1,000 and ordered removed from the office by the Circuit court.

Testimony at the trial disclosed that \$72 was due the city for use of machinery and that he directed a contractor to make the check payable to a Decatur garage. The \$72 was then credited to Hughey by the garage.

Old Camp Meeting Grounds Talked of As Colony for Ordnance Workers

The eight acre wooded tract situated west of the village of Franklin Grove along the banks of Franklin creek, which for many years after 1881 was occupied by the Methodist camp meeting grounds, may become a colony for defense workers at the Green River Ordnance plant. The site, which is just west of the village limits, is located in an expansive walnut grove and is ten miles from the defense plant site.

George Schultz and Ed Lott of Franklin Grove are trustees for the tract which a few years ago was taken over after the discontinuance of the annual Methodist camp meetings, by citizens of Franklin Grove. A religious organization realized a very successful season in the summer of 1940 and since that time the site has been inactive.

The old camp meeting grounds, which years ago accommodated hundreds of rigs before the advent of the automobile, may become a much sought-after location for families of defense plant workers, according to the hopes of the trustees.

The tract accommodates 22 cottages, some of sufficient size to quarter more than one family, a large auditorium, play grounds, swimming pool, an excellent water supply with ample shade to expand for the establishment of a trailer camp, the trustees announced today. They are quite hopeful that the fine tract of land may early in the spring become a heavily populated area.

## Current News Briefs About Lee County Farmers' Activity

"An increase in the production of vegetables for canning has been requested by our government," says Dale D. Rosenkrans, chairman of the Lee County Agricultural Conservation Association. Food is one of the most important factors in the winning of the war and it is the patriotic duty of every farmer to produce his full share of the increased quantities of food that our fighting forces, both the Army and Navy, must have to bring Victory. The need for in-

creased production is urgent in order to take care of Army, Navy and Lend-Lease requirements. Mr. Rosenkrans furnishes the following information concerning this request and the manner in which it will affect Lee county farmers:

### 1942 National Goals

The United States Department of Agriculture announced at the year's end that the national goals for the production of canning crops in 1942 were \$8,000,000 cases of canned peas and 24,000,000 cases of canned corn.

The 1942 pack goals for these two leading canned vegetables combined exceed by approximately 11% the 1941 record pack of these products, and 1941 can be recalled as a year when national yields were considerably above normal.

The full import of these 1942 goals is realized when compared to the five-year (1937 to 1941) averages of 23,881,000 cases for peas and 20,754,000 cases for corn. The 1942 pack goals, then, represent an increase of 60% for peas and 16% for sweet corn, or a combined increase of 39% above the five-year average production.

Sweet corn and peas are the two principal canning vegetables grown in this county, the major portion of the pea acreage being produced by the company that can the crop. Because farmers are generally not equipped to grow peas, it is necessary that the canner expand the production of its own acreage to meet the government's request for an increase in this crop. This increase in pea acreage will bring about a corresponding decrease in the number of acres of sweet corn that can be produced by the canning company, making it necessary to contract with the farmers for a larger proportion of the 1942 sweet corn acreage.

Mr. Rosenkrans states that he fully realizes the possibility of increased labor problems for those Lee county farmers who will patriotically comply with this request. But he points out that a continuance of the excellent co-

## Ogle County Farm Bureau News Notes

A representation of the Ogle County Farm Bureau livestock marketing committee including Ernest Hartje, Forrester, chairman; Earl Arnold, Oregon; John Dummer, Davis Junction; W. F. Schreiber, Leaf River with Farm Adviser D. E. Warren attended a district meeting of livestock marketing committees at DeKalb on last Friday to discuss methods of making the Farm Bureau livestock marketing programs most effective in getting best market returns for livestock produced in the district.

According to chairman Hartje's report the theme of the meeting was "Doing the best with what we have." These were the words of livestock market director Sam Russell of the Illinois Agricultural Association in summing up the meeting.

Concentrating the marketing of livestock in the hands of a cooperative organization representing the producers was considered an important means of getting the best market price. More government grading of carcasses was recommended as a means of controlling profits in the handling of meat.

Items that have been scheduled

operation of the Lee county farmers in producing their share of the national goals of sweet corn will greatly aid in our all out for victory plan.

A picture and explanatory paragraph about Dwight W. Hartzell, local farmer, app: in the February issue of the "Farm Credit Record", rotogravure house organ of the Farm Credit Administration of St. Louis. The publication will soon be mailed to some 110,000 farmers in Illinois, Missouri and Arkansas.

The article in which the note and picture of Mr. Hartzell are included deals with the care and repair of farm machinery. "By repairing machinery this winter," the article states, "farmers are making sure there will be no let-down in their all-out production of Victory foods next summer. They're protecting machinery from the weather, repairing tools, ordering replacement parts and taking care of burlap sacks."

Of Mr. Hartzell the paper says: "The way to make farm tools last longer," says Dwight W. Hartzell, a member of the Rock River (Ill.) Production Credit Association and one of the association's advisory committee members, "is to protect them." Dwight shown in a picture tightening bolts on his side delivery rake, makes his machinery last longer by housing it when not in use, and making necessary repairs during the slack season."

Brattleboro, Vt.—A registered Holstein-Friesian bull was recently purchased by Robert L. Fisher, Dixon, from Ernest J. Hecker, Dixon.

Change of ownership for this Holstein, Hecker Ormsby Bessie Fisher 836055, has been officially recorded by The Holstein-Friesian Association of America, Brattleboro, Vt.

In the Ogle county program of livestock marketing include, first, a meeting on the production, preparation and cooking of meats to be held at the Farm Bureau building on Wednesday evening, Feb. 25 to which the public is invited. On this program Mr. Delmer LaVoi of the National Livestock and Meat Board will be the principle speaker and the subject will be illustrated with motion pictures.

On the 5th of March the Farm Bureau livestock committee will attend the annual meeting of the cooperative commission association in Chicago at which recognition will be given to producers who have been regular patrons of the cooperative system of marketing for twenty years since the establishment of the producer commission associations by the Farm Bureaus.

On the evening of March 13 at Oregon there will be the annual meeting of livestock leaders and truckmen for their banquet and discussion of livestock hauling and marketing problems. Some good entertainment is being provided and the program will include talks by representatives of the Chicago producers and the Illinois Agricultural Association.

Ogle county farmers are urged to join with farmers in the rest of the state and nation in working toward the revised production goals recently announced by the U. S. Department of Agriculture.

Ogle county agriculture war board chairman, Forrest W. Gillespie, said that the original goals, drawn up last September, had to be revised to take care of the country's wartime needs.

From the AAA ever-normal granary will come the food that will feed American fighters and workers battling on the land, on the sea, in the air and in the factories against the Nazi-Japanese menace to American liberties. Mr. Gillespie asserted. Quantities of food also are being shipped across the seas to strengthen our allies in the war. Stockpiles of nutritious foods are being built against the day when the United States will be asked to use its food reserves as a weapon of peace and reconstruction.

To meet these needs, Illinois producers have been asked to supply in 1942 10 per cent more eggs, 5 per cent more milk, 16 per cent more hogs and 4 per cent more cattle than they produced last year. The original food goals will be increased proportionately in the county. Ogle county has been asked to increase their goals as follows: 10.8 per cent more eggs, 6.1 per cent more milk, 2.8 per cent more sheep, 3.6 per cent more milk cows, 13.9 per cent more hogs, and 2.7 per cent more beef cattle and calves.

Already growing about half the nation's total of soybeans, Illinois farmers are asked for a 27 per cent increase this year which would bring the state's soybean acreage to 2,900,000. "I don't know where we're going to put these additional beans," Mr. Gillespie said, "but room must be found for them somewhere. Even with the great increases in soybeans, peanuts and other oil-bearing crops, the country still will be about a billion pounds deficient in vegetable oils. This is because we lost the source of half our fats

## FRANK PRIEBE'S WEEKLY LETTER to POULTRY RAISERS

Dear Friends:

Chickens are still being hatched from eggs.

Beyond that fact, there's not much resemblance between the produce business today and the produce business ten years ago—or even two years ago.

You are familiar with the improvements in the methods of production. I think you will be interested in the changes in the methods of marketing.

Chickens used to be marketed whole and eggs in the shell.

Last week a packing plant in Iowa shipped a whole carload of nothing but chicken giblets in pound packages. The rest of the meat from these chickens was in cans, ready for shipment on government order—the meat from a 5-pound chicken in a 1-pound can. And the stock from these chickens was made into soup.

That's one way chickens are marketed today.

Others are cleaned, cut to pieces, packed in a carton, wrapped in cellophane and frozen—ready to cook as soon as they are defrosted.

Still others are cut up and sold

and oils when the Japanese commenced their aggression in the Pacific.

Because the nation needs more oils, because raising more soybeans is one way a farmer can contribute to the war effort, and because the price of \$1.60 assures him against price loss, are some of the reasons why farmers should increase their bean acreage.

There will be plenty of discussions about methods for increasing soybean acreage. From evidence obtained, better results are obtained by planting beans in rows and cultivating them. This takes less seed, and seed will be scarce and high.

by the piece. Today you can go into any number of stores and buy the pieces you prefer—a dozen drumsticks or, if everybody in the family likes white meat, four or five breasts of chicken. A few years ago we would have laughed at such "foolishness." But when you can sell chicken by the piece and sell three times as much, you don't think it's foolish—and that has been the experience of many butchers who have tried it. However new-fangled the notion, we're all for it if it gets people to eat more chicken!

### Eggs Marketed in Cans and Barrels

By no means all the eggs are marketed in the shell these days. Millions of dozens are broken out and marketed in cans. You can't freeze eggs in the shell, because the shell breaks, but you can freeze them in tin—if you can get the tin!

There's still another way to market eggs—and that's dried. You break them, you take the water out, and you've got all the actual food in a carload of eggs (400 cases) packed into 23 barrels. It can be shipped and stored in less space and without refrigeration. The principle is the same as in drying corn or apples. You take the moisture out and when you're ready to eat the food, you put it back in.

Geographically, the poultry business is changing, too. Something like 75 million chickens were raised down on the Del-Mar-Va peninsula last year—a piece of land down there on the seacoast that you could put in about two counties out here in the Middle West.

The government is encouraging southern farmers to raise less cotton—and more chickens. The manager of a poultry plant in Kansas wonders where he's going to get chickens and eggs because half the farmers in that section are working in the new armament plant.

The number of eggs the government expects to ship to our allies this year is equal to the number produced in Minnesota, Iowa and Missouri combined. Besides that there's the army and navy and the

marines to be fed. And those boys are eating eggs—by the carloads. And poultry, too. Last Thanksgiving the Quartermaster Market Center bought over a million pounds of turkeys for the army and another half million at Christmas. At 10 o'clock on a Saturday morning the army finds out they need 300,000 pounds of poultry. By 1 o'clock they've bought it and by Monday morning it's on the way.

That may give you some idea of what the marketing end of the poultry business is like these days. It may sound confusing and it is. But it's fast and it's different—very different from what it was ten years ago—two years ago—or even last week. Changes that might have come in five or ten years are being made practically overnight. And it's our job to keep up with them.

## Nelson

By Mrs. M. C. Stitzel  
Nelson—Mr. and Mrs. William Weber and son Allen went to West Chicago Saturday afternoon and visited his parents, Mr. and Mrs. Charles Weber until Monday. Mr. and Mrs. Dan Palmer and son Bob of Peoria came Saturday to visit at the Charles Bohlen and G. W. Palmer homes. Mr. Palmer returned Sunday evening and Mrs. Palmer will remain to care for her mother who is suffering from infection.

Mr. and Mrs. Earle D. Stitzel entertained with dinner Sunday evening Mr. and Mrs. Jack Williams, Mr. and Mrs. Robert Anderson and Mrs. Schoeneman of Sterling. The dinner table was festive with red, white and blue decorations in honor of Washington's birthday.

During the next week there will be quite an exodus of moving. The H. E. Nussbaum family will move to the Utley farm south of Dixon; Mr. and Mrs. John Spangler will occupy the Phillips farm vacated by the Nussbaums and John Moeller and family will move to the Stitzel farm. Charles Cromble of Dixon will move to his own farm vacated by the Moeller's.

## 33rd Division Is Streamlined Today

Camp Forrest, Tenn., Feb. 24—(AP)—The 33rd Division has been streamlined from an old "square division" of four regiments to a modern, hard hitting "triangular division" of three regiments.

Maj. Gen. Samuel T. Lawton announced last night the reorganization had been carried out Saturday with no lost motion since one of the division's infantry regiments already had left camp for an unannounced destination.

The regiments of the new 33rd, he said, are in the process of being brought up to their full strength of 3,325 men each. The old type division included some 18,000 men.

LEAVE THE SPRING RUSH BEHIND!

We can make your tractor perform like new — whether you need a complete overhaul job or a few new parts. But there are TWO things to keep in mind:

1. See us now — you don't want to lose valuable time after the spring rush starts.
2. Steel and iron are available only on a priority basis. By placing your order now, you enable us to better anticipate the need for parts and replacements.

So wouldn't it be wise to see us about fixing up your tractor IMMEDIATELY? You'll avoid the danger of costly spring stops. You'll be aiding defense by getting your parts early. Then too, we can assure you of better service while we still have plenty of parts — NOW!

## Church Enters Race for Senatorship in Last Minute Action

Time for Filing Nominating Petitions Expired at Midnight

Springfield, Ill., Feb. 24—(AP)—Former Congressman Ralph E. Church of Evanston jumped into the Republican race for senator today against incumbent Senator C. Wayland Brooks and Treasurer Warren Wright, in one of a series of surprise developments that accompanied the windup of the April 14 primary filing period at midnight last night.

Church's unexpected entry in the GOP senatorial campaign came in the midst of a last-minute flurry of filing activity that left John A. Wieland, Democratic Superintendent of Public Instruction, the only state candidate in either party without opposition in the primary.

Frank J. McAdams, former Assistant State's Attorney of Cook county under Prosecutor Thomas J. Courtney, was one of three unheralded candidates filing for the Democratic congress-at-large nomination against Benjamin S. Adamowski of Chicago, backed by the Kelly-Nash organization. The other two late entries were T. J. Cullerton and G. R. Malone, both of Chicago. McAdams now is an Assistant U. S. District Attorney in Chicago.

**Chicagoans Seek Treasury**  
In the three hours before midnight, the Democratic contest for State Treasurer blossomed into a four-man race. W. D. (Don) Forsyth, backed by the Chicago party organization, filed first and was followed by Edward J. Barrett, former state auditor. Just before the deadline the names of Edward J. Callahan and John H. Condon, both of Chicago, were added.

A third Democratic candidate for senator, Sarsfield Daley of Chicago, filed against Raymond S. McKeough and Paul H. Douglas, who had presented their petitions earlier.

On the Republican side, there were last-hour developments too. Harold Halfpenny of Chicago, assistant state treasurer under Warren Wright, and Richard Yates Rowe of Jacksonville both filed for the GOP treasurer nomination against William G. Stratton of Morris. Dr. Bert Roan of Bushnell became a fourth GOP candidate for congressman-at-large, in the contest which Congressman Stephen A. Day seeks renomination.

**Complete States Given**  
Including last night's filings, here are the complete lists of candidates for senator and state offices in both parties:

**U. S. Senator**  
Republican—Senator C. Wayland Brooks, Chicago; Warren Wright, Springfield; Ralph E. Church, Evanston, and William J. Baker, Chicago.

Democrat—Raymond S. McKeough, Pal H. Douglas, and Sarsfield Daley, all of Chicago.

**Congressman-at-Large**  
Republican—Stephen A. Day, Republican—Stephen A. Day, netka; Charles R. Vincent, Chicago, and D. Bert Roan, Bushnell.

Democrat—Benjamin S. Adamowski, Frank J. McAdams, T. J. Cullerton and G. R. Malone, all of Chicago.

**State Treasurer**  
Republican—William G. Stratton, Morris; Charles E. Macauley, Chicago; Harold T. Halfpenny, Chicago and Richard Yates Rowe, Jacksonville.

Democrat—W. D. Forsyth, Springfield; Edward J. Callahan and John H. Condon, both of Chicago.

**Superintendent of Instruction**  
Republican—Wiley B. Garvin, Mascoutah; Vernon L. Nickell, Champaign; W. C. Handlin, Lincoln, and Michael I. Cleary, Chicago.

Democrat—John A. Wieland, Calumet City.

**Church Lost to Brooks**  
Church, congressman from the tenth district from 1934 to 1940, lost to Senator Brooks by 199,542 votes when he ran for the senatorial nomination in the primary of 1940.

He personally presented his petition last night 25 minutes before midnight. Previously he had filed as a candidate for his old seat in congress. Asked if he would now withdraw from the district congressional race, Church was noncommittal, pointing out he has until next Saturday, Feb. 28, to file a withdrawal. Under the primary law, he could stay in the race for both nominations.

The secretary of state's office was swamped with final day petitions of candidates for congress and the legislature.

**Negro Passenger on Chicago Street Car is Killed During Holdup**  
Chicago, Feb. 24—(AP)—Robert Luster, 33, a Negro watchman for the Pennsylvania railroad who was passenger on a crowded street car, was shot to death early today in an exchange of shots with three Negro gunmen who held up the conductor of the car at 42nd st. and Cottage Grove ave.

Two of the holdup men, Samuel Moore, 16, and Clinton Simpson, 15, were wounded and captured by police. The third escaped.

As the three gunmen took \$10 and the money changer from the conductor in the rear of the car, a wild shot fired by one of them attracted the attention of Luster, who was seated in the front of the car. Luster jumped to his feet, drew his service pistol and fired several shots along the length of the car, hitting Moore and Simpson.

Geneva, Ill., Feb. 24—(AP)—Seven former wards of the Illinois State Training School for Boys near St. Charles were sent to prison Monday for offenses ranging from the theft of \$6 to assault with intent to kill.

Circuit Judge Charles D. Page sentenced Carl J. Smith, 15, to not less than two years and not more than six in prison for his assault on one of the school's house mothers, Mrs. Leona Rausch. She was struck on the head by a skillet when Smith escaped for 24 hours last month. Smith was an orphan. His foster parents live in Norwood Park.

Four other boys, who were among 13 who escaped from the school Jan. 25, pleaded guilty to stealing an automobile and received various sentences. Charles Logan, 16, of Lawrenceville, and Robert Sommers, 15, of DuQuene, were each sentenced to not less than two years or more than six in the penitentiary. Donald Hoffman, 16, of Granite City, and John Hardesty, 16, of Danville, received sentences of not less than two years or more than three.

Henry Patterson, 21, of Elgin, was sentenced to from one to 10 years for automobile theft, while John Quillman, 21, got four months on the Vandalia prison farm for stealing \$6. Patterson and Quillman were on parole from the school.

## Sen. Lucas Speaker at Milwaukee Meet

Milwaukee, Feb. 24—(AP)—Sen. Scott A. Lucas (D-Ill.) appealed last night for "constructive criticism based upon the facts" in the war effort, saying he did not deny that mistakes have been made.

He told a statewide Democratic meeting the war would be made longer and America's task more difficult unless "dangerous and destructive" criticism of President Roosevelt and the administration was curtailed.

"What I abhor is destructive criticism based upon innuendos, rumors and half-baked facts," the senator said and denounced "men in private and public life who seize every good opportunity to snipe at the president and at the administration."

He charged that many who have criticized the president "for not rescuing General MacArthur are the very men who, prior to Dec. 7, were brutally attacking him for preparing the nation for overseas action."

## Numerous Awards Made at Dinner of Scouts at Oregon

Several Boy Scout leaders and workers of Dixon and vicinity were honored at the annual recognition dinner of the Blackhawk Council of Boy Scouts of America, held last Thursday evening in the Oregon coliseum. About twenty persons from Dixon and immediate vicinity attended the dinner and heard a challenging message by C. J. Carlson of Chicago, who is the regional executive for this region. Almost three hundred people were present from the council area, which includes the counties of Lee, Ogle, Whiteside, Winnebago and McHenry.

The speaker used as a theme the 1942 challenge to Scouts and Cubbers. The work done by the Boy Scouts at Pearl Harbor was used to illustrate what can be done in the defense of our country. More recognition of the work of the churches and character building agencies was urged. The need for leadership in boys' work was indicated as one of the solutions for the defense of American ideals.

O. A. Hanke, president of the council served as toastmaster and introduced the speaker. Short messages accepting the challenge were given by leaders of the various phases of Scout activity in this section. The Rev. R. S. Wilson of Dixon, Scoutmaster of Troop 85, represented Dixon on the program by offering the invocation.

Scout Dick Worley of troop 89 of Dixon served as bugler for the occasion.

Silver Beaver awards the highest to Scout leaders were awarded to Wayne Diehl of Rockford, the council treasurer; M. L. Schenoltz, an active scoutmaster at McHenry, and Dan Metzgar, Sr., active scout leader at Sterling. The scoutmasters training key for five years training was awarded to Fred Deutsch of Oregon.

White ribbons with a plaque containing a representation of Black Hawk were awarded to all the new scoutmasters and cubmasters, and red ribbons were awarded to those having more than three years of service. Those

in the Dixon section receiving the white ribbons were Willard Moore of troop No. 72 and R. S. Wilson, of troop 85, Glenn Vaupel, cubmaster of Ashton, and Cecil Williams of Mt. Morris.

Red ribbons were awarded to Earl Slagle, Sr., cubmaster of Dixon, Lyle Lenhart of Polo, and Scoutmaster Ward Zimmerman of troop 66 of Mt. Morris. Clarence Parks, scoutmaster at the East Jordan U. B. church near Polo, was honored as being the dean of scoutmasters in this area having served for nineteen years, in this capacity.

Blue ribbons for achieving membership increases during a recent membership campaign were awarded to the following troops in this district—troop 61 of Kings, troop 65 of Compton, troops 71, 72 and 572 of Dixon, troop 74 of East Jordan, and troop 76 of Rochelle.

Scouts who have attained Eagle rank during the past year were guests of honor at the banquet. Though all were not able to be present due to some being away at college, their names appeared on the program. Robert Edous of troop 89 of Dixon was on this list, and Milo Pullin of troop 76 of Rochelle, and Wendell Coats and Paul E. Fisch of troop 74, East Jordan.

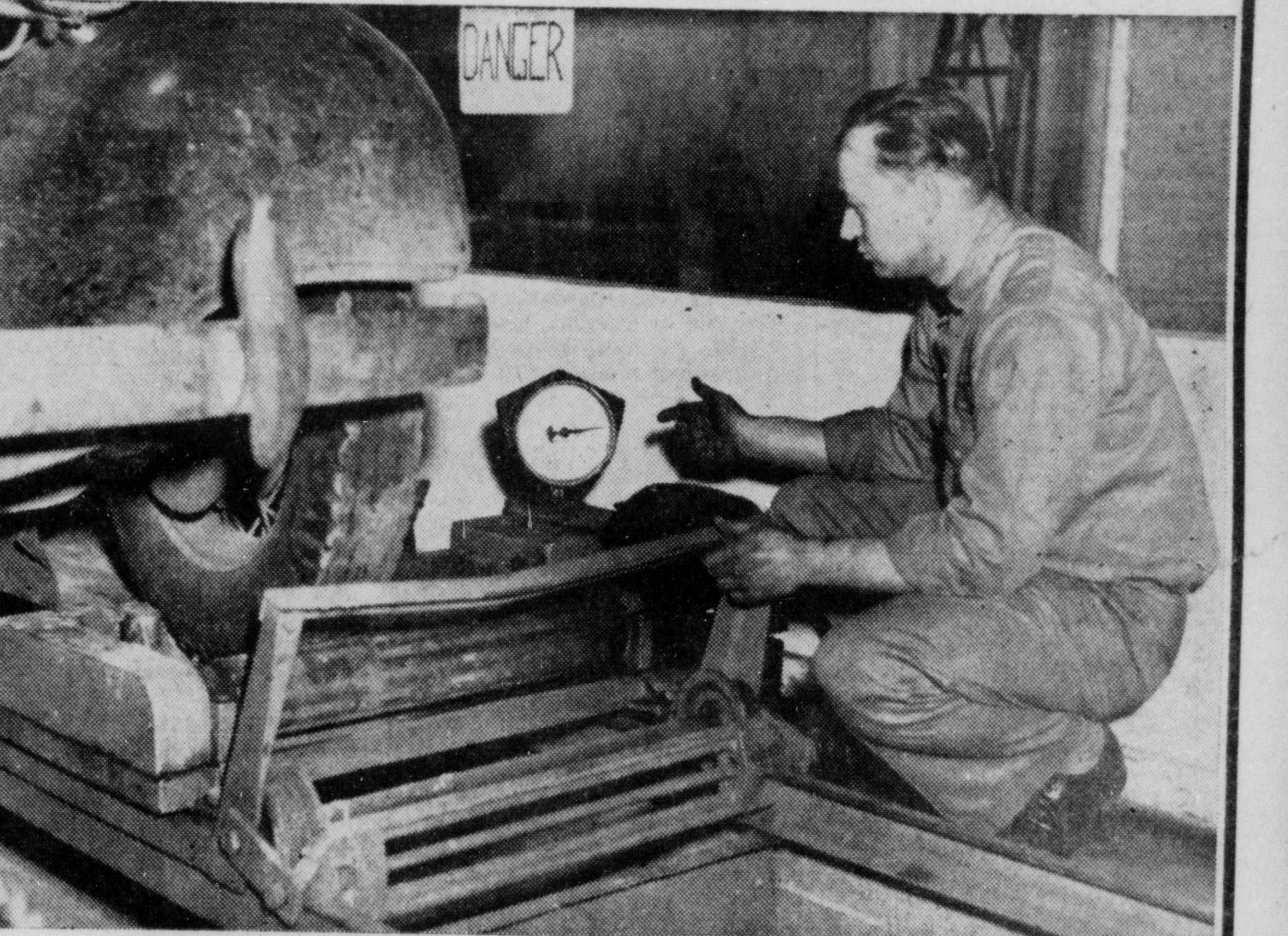

This recognition dinner is an annual event of the Blackhawk council, which all scout workers and their wives as well as sweethearts are invited to attend, at their own expense. The dinner this year was served by the ladies of the Oregon Lutheran church. R. D. Skorborg of Rockford was program chairman, and scout executives of the council assisted with the details.

Retail installment sales in 1941 were estimated to be \$6,800 million, a record high. The 1940 figure was \$5,801 million and in 1929 it was \$6,000 million.

Protect Metal Surfaces Exposed to Outside Weather With

# CHEK-RUST

STOPS RUST AFTER RUST HAS STARTED. PROTECTS AGAINST ACIDS, ALKALI, WATER AND DESTRUCTIVE ATMOSPHERIC GASES -- STOPS RUST BY "DIGESTING" IT COMPLETELY.

The action of CHEK-RUST is radically different from that of ordinary paint. Instead of merely covering up the rust and permitting it to continue its destructive action CHEK-RUST amalgamates with the rust film, forming a new compound which is neutral in its action and which adheres tightly to the virgin metal. Not only is the destructive action of the rust stopped completely but the resulting film forms an impenetrable protection to the metal.

And this protection lasts, as the pigments in CHEK-RUST protect the special oils from rapid deterioration. They also protect against acids, alkali, water and destructive atmospheric gases. Such positive action is destined to save industry millions of dollars annually.

## A Thought for Today

Trust in the Lord with all thine heart;  
and lean not unto thine own understand-  
ing.—Proverbs 3:5.In man's most dark extremity oft suc-  
cor dawns from Heaven.—Scott.

## Both Sides of the Ledger

We have made mistakes, and before the last  
shot is fired we will blunder again. Errors in judg-  
ment, deep, disturbing doubts lie ahead. There will  
be moments when we wonder whether or not our  
sacrifices are being wasted.The whole thing started off tragically with  
Pearl Harbor. Then, while the British were match-  
ing our gross carelessness in the Pacific with a  
colossal show of stupidity and bungling at Singa-  
pore, the nation was set astir with a vaudeville  
sideshow in Washington, where the idea of trip-  
ping the light fantastic was wedded somehow to the  
serious business of bomb defense and rescue work.To top it off the Normandie burned at her pier,  
and we could not be blamed for beginning to be-  
lieve the cards were stacked against us.War is not a game of checkers that can be  
folded up with a yawn at bedtime. We face even  
more ghastly cruelties.Yet even in this black hour other images are  
beginning to grow. The seared sides of the Nor-  
mandie hardly had cooled before the Brooklyn navy  
yards spawned a new combat submarine, and a  
6,000-ton cruiser dipped her bow into the water four  
months ahead of schedule.A day later another maritime maternity was  
consummated at Staten Island where the spick and  
span destroyer Meade slid down the ways. Twenty-  
four hours later Norfolk added the 35,000-ton Ala-  
bama, mightiest battleship in the Navy—nine  
months ahead of schedule.Philadelphia and Camden floated a new  
cruiser, the Montpelier, and two destroyers, the  
Butler and Gherardi, in the Delaware river. At San  
Pedro, Calif., another Liberty ship, the 10,000-ton  
freighter Albert Gallatin, was launched.Other pictures come crowding into the mind.  
In Detroit Henry Ford finally is geared to turn  
out planes in mass production. Pittsburgh, Cleve-  
land, Youngstown and other great iron and steel  
cities are producing war sinews faster than a car-  
nival vendor can make popcorn.Yes, in spite of Pearl Harbor and the Norma-  
ndie, in spite of the mistakes yet to be made, this  
is America.Oh, we'll stub our toes again before we emerge  
from the darkness of war into the light of peace.  
But we still have men with what it takes. Men likeColin Kelly! Men like the one-man Philippine  
army, Captain Wermuth, collecting Jap prisoners in  
the steaming jungles with the aplomb of a  
wholesaler in New York buying goods for the firm.And Admiral Halsey, erasing the enemy bases  
in the Marshall and Gilbert Islands with the vigor  
and accuracy of a workman wiping fly specks from  
a grocery window.There are ugly-looking figures on the debit side  
of the ledger of war. But a new page is turning,  
and the power is ours to keep it bright.

## A Time of War

"To everything," wrote the wise old Preacher  
in the Book of Ecclesiastes, "there is a season,  
and a time to every purpose under the heaven: a  
time to be born and a time to die; a time to plant,  
and a time to pluck up that which is planted; a  
time to kill and a time to heal; a time to break down  
and a time to build up; a time to mourn and a time  
to dance . . . a time to love and a time to hate; a  
time of war and a time of peace . . ."It has befallen all of us to live part of our lives  
in a time of war. At this moment, with millions of  
America's manhood registering for service, of whom  
perhaps two more millions will be called this year  
in addition to two millions now serving, it is a time  
of goody. It is a hard time for everyone; but it  
is hardest for those who must part, and who must  
say goodbye.If there were no more than that, it would be  
insupportable. But the same old Preacher in his  
wisdom knew that the time to kill is followed by  
the time to heal. That, too, will come.Perhaps all America is saying goodbye to many  
things. Goodby to all the old smug feeling that we  
were in the world, yet not of it. Goodby to the  
old tendency to measure every man with a dollar-  
marked rule. Goodby to the hectic "easy money"  
days of the twenties, which so nearly wrought our  
spiritual ruin. Goodby to uncontrolled selfishness  
which made material life so much better than it  
needs to be for a comparative few, so much less  
good than it ought to be for so many.Goodby to false social standards and cancerous  
envy. Goodby to arbitrary and artificial class dis-  
tinctions, existing in America without a shadow of  
an excuse for being, conjured up sometimes even  
where they do not exist.Goodby to despair and impotence in the face of  
trouble, to cringing submission to economic mis-  
ery for which there is no longer any reason except  
the inelastic workings of the mind of man. Goodby  
to fear and doubt and lack of faith. Yes, goodbye  
to all that.Out of the fiery trial of this war, with all its  
goodbys and heartbreaks, all its pain and suffer-  
ing, all its destruction and hatred, can come the  
America of which our fathers dreamed a land of  
freedom for all.To everything there is a season, and the time  
for these things may also come after the guns are  
silent. Anyone who does not dedicate himself to  
this, as well as to winning the war, has failed him-  
self, has failed America, has failed humanity.A four-leaf clover farm advertises that for 5  
cents a girl can buy a clover and dream of the man  
she'll wed. Should be worth that much to know  
whom to avoid.Barroom admirals and back street brigadier  
generals continue to expound how the war should  
be won. Guess we'll have to buy a gas mask.

THE VANISHING AUTO-  
MOBILE

(Kansas City Journal)

It is almost a misdemeanor to  
own an automobile.  
In the beginning we were taxed  
when we bought one, probably be-  
cause we could afford to buy it.  
Then they told us that if we  
wanted good roads to run on we  
would have to pay a tax to drive  
the thing so they could use it to  
build said good roads.They built some, but the money  
piled up so fast that practically  
every state department started  
dipping into it for other pur-  
poses.Then the personal property tax  
assessor began to take a look and  
he reached for his bit.The cities noticed these carry-  
ing-on and decided upon a me-too  
policy and took a piece of what-  
ever money was left in our pocket.Then somebody else discovered  
that the things wouldn't run with-  
out gasoline and oil, so the federal  
government carved a piece of  
these two ingredients and the  
state hopped on.About that time it was found  
that an automobile wouldn't run  
without a person driving it, so it  
was decided that before we could  
drive it we had to pay for a li-  
cense to do it.Then came the Ickes hobgoblin  
warning to slow down or else.Now it's tires—and 10 years in  
jail if they are bought the wrong  
way.There are, at the last count, 106  
direct and indirect taxes and pen-  
alties which we must pay before  
we drive an automobile around  
the block.It got so that we couldn't leave  
an automobile on the street or  
hardly anywhere else, and about  
the only thing we could do when  
we stopped running it for a few  
minutes was hold it in our laps.By a process of evolution, how-  
ever, the thing is being resolved  
and all the petty troubles are  
practically over—They are making it impossible  
to buy one.

## MISS ANNA C. HANSEN

The funeral of Miss Anna C.  
Hansen, whose death at 11 o'clock  
Sunday night at the Katherine  
Shaw Betha hospital was an-  
nounced in Monday evening's Tele-  
graph, will be held at the Metho-  
dist church at 2:00 o'clock to-  
morrow afternoon, the pastor, Dr.  
Floyd L. Blewfield, officiating.  
Burial will be in Oakwood ceme-  
tery. The body will be at the  
Staples funeral home until the  
hour of the service.Miss Hansen was born in Cop-  
enhagen, Denmark, June 22, 1871  
and at the age of two years came  
to the United States with her pa-  
rents, the family settling in Michi-  
gan. Later they came to the vi-  
cinity of Dixon where she had  
since lived, and for many years  
occupied the residence opposite  
the entrance to the Dixon Country  
club.Her parents, two sisters and  
four brothers preceded her in  
death. Surviving are two broth-  
ers, Frank of Chicago and Dan  
of Pascagoula, Miss. together with  
several nieces and nephews. Fu-  
neral arrangements had not been  
completed today and will be an-  
nounced later.Lodges and

meeting of the Bethel will follow.War Mothers—Lee County  
World War Mothers agreed to  
order 2,000 carnations, to be sold  
for Mother's Day in May, at their  
meeting in G. A. R. hall Friday  
afternoon. Mrs. Hannah Miller, the  
president, presided.A program, honoring the Lin-  
coln and Washington anniversaries,  
was followed by refreshments.W. R. C.—In recognition of the  
many years of faithful service  
given to the chapter by Mrs. Al-  
bertine McKenney, members of  
Dixon Woman's Relief Corps, No.  
218, Auxiliary to Dixon post, No.  
299, Grand Army of the Republic,  
voted yesterday to extend a life  
membership to her. Following the  
business session, a short program  
was presented in honor of Wash-  
ington's birthday anniversary, in-  
cluding:"A Story of Washington," Mrs.  
Maude Hobbs; 'cello solo, "Pil-  
grim's Chorus," Eileen Nielsen, es-  
corted by Donna Mae Palmer;  
group singing, led by Mrs. Earl  
Auman, with Mrs. Frances Swarts  
at the piano; song, "God Bless  
America."During the business meeting,  
several members told of distribut-  
ing clothing, sewing for the Red  
Cross, and sending a box of cook-  
ies and candies to boys in camp.  
Mrs. Frisby told of the services  
of patriotic orders held at Lin-  
coln's statue, Feb. 12, and Mrs.  
Hobbs mentioned memorial cere-  
monies conducted by Dixon Boy  
Scouts at the monument.Belated installation ceremonies  
were conducted for Mrs. Hattie  
Weisz, conductor, and Mrs. Daisy  
Brenner, assistant conductor, who  
were unable to be present at the  
annual installation held recently.  
Mrs. Hobbs acted as installing of-  
ficer, and Mrs. Janna Ware, as in-  
stalling conductor.Mrs. Cecilia Jones and Mrs. Louis  
Pitcher presided at the tea table,  
at the close of the meeting. A  
bouquet of white gladioli and red  
carnations was the centerpiece  
on the refreshment table.care business should get a 20 per  
cent rise; transportation facilities  
about 15 per cent.  
The real pinch will come in 1943,  
when existing stocks are gone.

Mitchell is reading medicine with  
Dr. Tower, town physician, wondering  
why Tower keeps daughter Cassan-  
dra so close to home. His best  
friend, Drake McHugh, talks boy-  
ishly of plans to marry Louise  
Gordon, daughter of town's lead-  
ing physician. Parris thinks often  
of childhood sweetheart Renee  
plans, at suggestion of over-seer  
Tom Carr, to study treatment of  
mental ills when he goes to Vi-  
enna. Madame von Ein, adored  
grandmother of Parris, hasn't long  
to live. He does not know it.  
Other characters: half-wit Benny  
Bingen, hired by Madame after  
lawyer Skelington saves him  
from jail after bullying by Ful-  
mer Green's gang; tomboy Randy  
Monaghan; fearsome Dr. Gordon.

## AFTERNOON WITH DRAKE

## CHAPTER XII

MOLLY'S jouncing gait had an  
almost hypnotic effect. It  
was hard to keep the eye from  
resting on some shining buckle or  
patent-leather trimming of the  
harness which rose and fell with  
her pace. Parris began to feel  
sleepy. After a while he began  
to see behind his half-closed lids  
something like a luminous thread  
stretching on and on ahead of  
them. It moved and whined  
faintly, and little figures ran and  
danced along the silvery trans-  
parent line. They were like the  
people he knew: Drake, himself,  
Louise Gordon, Cassandra, and  
over and over again tiny images  
of Renee, like a long screen of  
linked paper dolls. He wanted to  
call out to them, but they seemed  
very far away. . . ."I guess you and me had better  
stick together a little bit, Parris.  
Good gosh, you got to have some-  
body.""We will, you bet."  
"I want to get married and all  
that kind of thing some day, but  
I want to have all the good time  
I can first. But—well, you get  
kind of tired even having a good  
time."Drake looked very serious. "You  
know, Parris, I wouldn't tell this  
to another soul on earth, 'cause  
I know everybody thinks I'm kind  
of wild and that I run around in  
a awful lot, and that I ain't steady.  
But I'm going to surprise some  
people around this old town. I'm  
going to settle down here when I  
do settle, and" he cut a quick  
sidewise look at Parris, "I'm go-  
ing to make Louise proud of me."  
"Is she in love with you, too?  
Now, I mean.""I don't know. You can't tell  
anything about Louise.""Well, of course she is. If she  
wasn't I expect you'd know that  
in a hurry."Drake blinked at this unex-  
pected perspicacity."Parris, you know Preston Hill  
out there west of town?"

"Yes, of course. Why?"

"I want to buy it."

"Good gracious, Drake! What  
for? It's just a hill.""Kings Row has got to grow,  
hasn't it? That's the best direc-  
tion for it to go. Wouldn't that  
be a good place to build houses—  
you know, looking down across  
the creek there, and away out over  
the country?"Parris was mightily impressed.  
"Why, that's wonderful! You'd  
make a lot of money, wouldn't  
you, and be rich?"

## CASTING IS COMPLETED FOR PLAY, "FOOT-LOOSE", TO BE PRESENTED AT HIGH SCHOOL

Charles Quimby Burdette, who wrote "Foot-Loose," the Dixon High School Dramatic club's 1942 production (a show that was given a successful world premiere in 1939 by the English department of Iowa State Teachers college in Cedar Falls), has mastered the art of writing the kind of show that is equally enjoyable for young performers and their audience.

"Foot-Loose" has almost as many funny developments as a Fibber McGee, a Red Skelton or a Gildersleeve could desire. There are, for instance, all the problems that can confront four wide-awake young people—long rebellion inwardly at the well-meant aggressiveness of their mother—after their parents' departure for a vacation cruise. An automobile accident (to say nothing of a charge of driving without a license and a debt for damages); sacrifices in an attempt to live within a budget that is depleted almost to the vanishing point long before the expected return of the vacationers; a wedding; sudden illness of the family's general maid, and other complications keep the story moving swiftly along.

Casting has been completed by Miss Merry Coffey, faculty members, who will be making her Dixon debut as a play director, and the date for the performance has been set for Friday, March 13.

Roger Chapman has been assigned to the role of the father, Richard Early, one of many vice presidents of a suburban bank. Emily, the mother, will be portrayed by Eileen Finney; Rosanne Deutsch is to appear as their 25-year-old daughter, Hope, a social worker; Bill Haeffiger has the role of the Earlys' elder son, Dick, 24, a senior in medical school; Mary, a younger daughter who is a senior in high school, is to be played by Georgia Jewett, and Bud Bradford is taking the part of the younger son, Bob, a high school junior.

Rita Langan is cast as Delphie, about 60, general maid and adviser; Bob Tennant will be seen as Randolph (Randy) Cunningham, Mary's friend; the role of Jenny Malloy, Dick's sweetheart, is being taken by Jean Stevens; Bill Thompson will portray "Buzz" Daily, Bob's chum; Virginia Dodd will be seen as Miriam Walker, Mary's friend, and the remaining characters include: Jack Milford, a sophomore at Broadhurst college; Russell Eller; Sanford Welles, a young attorney, Dick Keller; and Mrs. Forester, a cranky widow, Sylvia Heckman.

The entire action of the play takes place in the living room of the Earlys, at their home in a Chicago suburb.

Trudy Prewitt is acting as student assistant to Miss Coffey, and Miss Ruth Hawkins, faculty member, is business manager. Lura Williams heads a student committee, consisting of Harriet Fulfs, Eileen Schultheis, Alberta Swanlund, and Jeana Bond, whose members are sharing the responsibility of staging the play. Miss Hope Edson's art students are designing posters as their contribution to the show's success.

**HANSON-FINKLE**  
Marriage vows were solemnized Saturday at the First Methodist church in Chicago for Miss Dorothy Finkle, eldest daughter of the Robert Finkles of Polo, and William A. Hanson, son of Mr. and Mrs. R. T. Hanson of Savanna. The Rev. Clark Wood performed the ceremony.

The bride, who was unattended, wore a rose-colored ensemble, with a shoulder bouquet of sweet peas. She was graduated from Polo Community high school in 1938.

Mr. Hanson, a graduate of Savanna Township high school with the class of '38, also attended Iowa State university. He is employed as an inspector at the Savanna proving ground.

After spending the week at the home of the bride's parents, the couple will be at home in an apartment at Craig Manor, in Hanover.

**BIRTHDAY SUPPER**  
The birthday anniversary of Orville Tiffany was the incentive for a scramble supper Saturday evening at the Tiffany home, 420 College avenue. A decorated birthday cake was served with the dessert course.

Gifts were brought by the guests, who were Mrs. Jennie Tiffany and Miss Mae Tiffany of Shaw Station, Mrs. Eva Mercer, Mrs. J. T. McLennan, Mr. and Mrs. George Walker and son George, Jr., and Mr. and Mrs. J. R. Mercer and children Roberta Jean and Jimmie, all of Dixon.

## CAMPUS NOTES

Miss Sally Berk of Oregon, daughter of Mrs. Henry Cottlow, has been pledged to Sigma Alpha Iota, national honorary music sorority, at Knox college in Galesburg. Sally is a freshman at Knox, where she recently appeared in the leading feminine role in "Kampus Kapers."

## Patriotic Program Honors Washington

In tribute to the patriot, George Washington, and national defense, members of the American Legion post and auxiliary were entertaining Sunday afternoon with a patriotic program in the Legion hall. Tea was served afterward to about 40 guests, with Mrs. Louise Withers and Mrs. Marie Hettler pouring.

Mrs. Hettler, Americanism chairman of the auxiliary, and Mrs. Clara Traynor, national defense chairman, arranged the following program: "Review of Washington's Life," the Rev. Father R. L. French; duet, "I Am an American," Mr. and Mrs. Long of Amboy, accompanied by Miss Marie Haeffiger; songs, "America, I Love You" and "Any Bonds Today?"; The Melody Makers, Virginia Dodd, Trudy Prewitt, and Georgia Jewett; dance and duet, "Kiss the Boys Goodbye," Joan Speaker and Sue Rock.

H. F. Walder, post commander, introduced the speaker.

## Jack and Beanstalk Show

Jack, of nursery story fame; his mother; their cow, Julianita (which counts, tap dances, and performs a lot of other tricks that cows cannot); the magic beanstalk; the cruel giant and his hen that lays golden eggs—these and many other characters of the familiar tale of "Jack and the Beanstalk" will perform as marionettes tomorrow afternoon in the Dixon high school auditorium, when Ellen and Romain Proctor of Springfield present their puppet show. The Proctors are offering five acts brimming with excitement, which are scheduled to get underway at 3:45 o'clock.

The first act opens at Jack's home, with his mother telling him about the giant that has been taking everything from the people in the village, except their cow, Julianita, and that Jack will have to sell Julianita at the village fair.

The second act depicts Jack's arrival at the fair with Julianita, which he trades to a magician for three magic beans, guaranteed to bring "health, wealth and adventure." In Act Three, Jack rushes home to tell his mother about the beans, but she calls him a foolish boy for permitting a magician to trick him, and throws the beans into the well. Jack later discovers that a huge beanstalk is growing out of the well and becomes so tall he can't see the top. He persuades his mother to allow him to climb the stalk, and as the act closes, he climbs out of sight.

At the top of the beanstalk, in the fourth act, Jack discovers the giant's house, where a poor old lady is compelled to cook elephants for his dinner. While Jack talks with the cook, they hear the giant approaching, and she hides Jack in the giant's money chest. After the giant falls asleep, Jack climbs out of the chest, sees the hen that belonged to his father and the money bag that belongs to his family, picks them up and runs out. The hen cackles and awakens the giant.

Jack's safe arrival home, and his battle with the wicked giant bring the show to an exciting and happy climax.

Mr. and Mrs. Proctor explain that they used to put the age limit for their shows at "three to 103," but that has been raised. At one of their recent shows, a woman, 107 years old, was wheeled in. They formerly broke up their performances into shows for small children, high school and college audiences and adults, but they've found that adults like the childish as much as small children.

"The giggliest audience we ever had," Mrs. Proctor states, "was a Rotary club of older men—most of them grandfathers."

## FROM HOLLYWOOD

Mrs. J. W. Busby and her sister, Mrs. A. C. Bartlett of Des Moines have returned to their homes, after a three months' visit with another sister, Mrs. Nellie Watson, in Hollywood. After visiting in San Francisco and other points, they returned north by the southern route through El Paso, Old Mexico, and New Orleans. Percy Busby joined his mother and aunt in the west a month ago, and returned with them.

## CHAPTER AC

A paper on "Saroyan," written by Miss Dorothy Armington, was read by her sister, Miss Clara Armington, at last evening's meeting for Chapter AC, P. E. O. Sisterhood. Mrs. Mark Keller, Sr. and her daughter-in-law, Mrs. Mark Keller, Jr., were entertaining.

Patriotic appointments were used at the refreshment table, where Miss Barbara Campbell poured.

## Teacher of Duis School Is Bride

Miss Lois June Rooker, young daughter of J. E. Rooker, became the bride of Justin Naffziger, son of Mrs. Frances Naffziger, Sunday afternoon in a nuptial ceremony performed at 2 o'clock by the Rev. J. E. Dale of Oregon.

Miss Dorothy Spangler and John Ware attended the couple.

The bride's street-length dress of soldier blue was accented by a bouquet of red roses. Miss Spangler wore navy blue, trimmed in white, with a corsage of red roses.

Following the ceremony, the bridal party returned to the home of Mr. and Mrs. Glen Flanigan on Van Buren avenue. Earlier in the evening, Mr. and Mrs. Naffziger entertained with a dinner at The Coffee House.

Sunday's bride was graduated from Amboy Township high school in 1938, later attended Eureka college at Eureka for two years, and is now teaching the Duis school. The bridegroom is with the Northwestern Wire company.

## INITIATION

Five members of Corinthian shrine, White Shrine of Jerusalem, were in Clinton, Iowa on Friday evening, attending initiation ceremonies at the Clinton shrine.

Mrs. Elizabeth Byrd of Des Moines, supreme noble prophetess, was a special guest; and there were visitors from Boone, Davenport, Rock Island, and other surrounding shrines.

A banquet was served at 6:30 o'clock. Patriotic appointments were used on the cross-shaped tables. Members of the Rock Island drill team entertained, under direction of Mrs. Harold Grove.

## 38TH YEAR

Mr. and Mrs. William Miller of rural route 4, Dixon, celebrated their thirty-sixth wedding anniversary and Washington's birthday on Sunday. Present to help the couple celebrate were Mr. and Mrs. Lowell Elmdorf and children Richard, Joan and Patricia, and Mr. and Mrs. Irvin Miller of Sterling, and Mr. and Mrs. Everett Volk of Dixon.

After dinner, the guests turned their attention to family photographs of some time ago, before continuing the celebration at supper.

## WINTER FORMAL

Miss Jeanne Hemmen was a week end visitor in Chicago. On Saturday evening, she was a guest at the winter formal of the Northwestern university Commerce club at the Edgewater Beach hotel.

## Dixon Women Are Present at Scout Institute, Monday

Eight Girl Scout council members and leaders from Dixon were in Rockford yesterday, attending a defense institute for Girl Scout volunteers at the Hotel Faust. Dixon women registering for the all-day session included Mrs. I. B. Hofer, commissioner; Mrs. E. G. Hubert, Mrs. Frank Kingsley, and Mrs. Adolph Eichler, a council member; Mrs. E. M. Greene, Mrs. Norman Dietrich, Mrs. Dorothy McCoy, and Mrs. F. Zbinden, leaders.

Inspiring Girl Scout posters were on view in the Junior club room, where approximately 200 volunteers assembled for the special program. Mrs. A. B. Culhane, president of the Rockford Girl Scout council, presided, and spoke briefly on "What Our Job in Scouting Has Always Been," before introducing William Hockstad, head of civilian defense in Rockford, guest speaker.

Choosing "The World Crisis and Community Life and Welfare," Mr. Hockstad reminded his listeners of the serious situation facing this country today. "This is a time when we must not be complacent," he declared.

He commented on the early training for physical fitness practiced in totalitarian countries, and how children thus hardened are able to take leadership at an early age. In Scouting, he believes, there is a broad field for physical fitness.

"This is the generation which is going to carry on, and much depends upon how you and I meet our responsibilities," Mr. Hockstad stated. A symposium conducted by Mrs. A. H. Bates, showing that normal routine in Scouting is really defense routine, too, concluded the morning session.

At luncheon, a Senior and Intermediate Girl Scout of Rockford told "What Scouting Means to Me." The afternoon session was devoted to short talks on the obligations adults have in the present crisis, and was closed with repetition of the Girl Scout promise.

## A New Slant

(From Bonwit Teller, New York)

When color inches up on black in fashion's favor, as is true right now, the ebony costume can be all the more dramatic, as witness this diagonally draped chiffon gown, snapped at a recent ball in New York. The effect of the asymmetrical design—one angel sleeve, one whole shoulder bare—is heightened by a Victorian choker of black velvet and pearls.

Spring -- 1942

For unadulterated madness the kind that drives strong men crazy, you cannot beat some of California's more daring new spring hats. For instance, decorating this pale blue felt sailor, worn by Brenda Joyce, are eight tiny hats, all in differing colors and shapes, fastened to slim stems that wave in the breeze.

## ROCK RIVER CAMERA CLUB IS PLANNING ANNUAL SALON FOR MARCH 15-29 AT CIVIC CENTER

A mid-winter exhibit of special merit is being announced today by members of the Rock River Camera club, to begin on Sunday, March 15, and continue through March 29. The show is the club's annual salon, with the Loveland Community House gallery as headquarters.

Selection of prints to be exhibited was started last evening, when the club members met at the home of their new president, Mrs. C. A. Buchner, Jr., and Mr. Buchner. Between 40 and 60 photographs are expected to be chosen for the collection.

On the eve of their salon's public opening, the camera enthusiasts are anticipating a lecture by a Chicago contributor to Coronet Magazine, Stephen Deutch. Mr. Deutch, a member of the board of directors of the Art Center of Chicago, is to address members of the Dixon Woman's club on Saturday afternoon. Tentative plans have been made by the Camera club for issuing invitations to out-of-town clubs and other camera fans to attend the Saturday evening lecture.

Final plans for the salon will be completed at the next meeting of the club, which is to take place March 9, at the home of Corbus Hoffman. James McAllister is to have charge of the program.

## RECENT BRIDE IS COMPLIMENTED

Mrs. Harold Zoeller of 409 North Ottawa entertained with a post-nuptial shower Friday evening, honoring her sister, Mrs. Ralph Hansen of Rochelle. Before her January marriage at Amboy, Mrs. Hansen was Miss Eleanor Yocum, a student nurse at the Katherine Shaw Bethel hospital.

Tables were placed for card games, with Miss Lucille Buck and Miss Ethelle Bates receiving favors. After the guests watched the recent bride unwrap her gift packages, refreshments were served by the hostess.

Attending were Miss Vera Wiles, Miss Ethelle Bates, Miss Myrtle Hamby, Miss Arlene Koehler, Miss Helen Shaver, Mrs. Jerry Eckerd, Mrs. Hansen and her mother, Mrs. Clarence Yocum of Amboy.

## MRS. STRAW TO BE SPEAKER

Mrs. Carl Straw, Lee county field woman of the soil conservation office, will be guest speaker at a meeting which Section Two of the Grace Evangelical Aid society is announcing for 2:30 p. m. Wednesday at the church. Her subject is to be "Women in Victory." Members of the group and their friends are invited to attend the meeting, which is to be followed by refreshments.

## BIRTHDAY SUPPER

Mrs. Marie Mulkins of Chamberlain street will be entertaining with a 6 o'clock birthday supper this evening in honor of the twentieth anniversary of her daughter, Betty. Covers will be arranged for ten guests.

## NORTH SIDE CLUB

Mrs. John Davies was hostess to the North Side bridge club today. Luncheon at The Coffee House was followed by contract at the Davies home.

## JOHN CAHILL IS NOW FOUR

John Cahill, little son of Mr. and Mrs. John Cahill of 1316 Peoria avenue, was four years old yesterday, and was celebrating his anniversary during a week end visit at the home of his grandmother, Mrs. Helen Redfield, in Chicago. Attending the family party were the John Cahills and their two sons, John and Billy of this city, Mrs. Cahill's brother and sister-in-law, Mr. and Mrs. Jack Redfield of Milwaukee, and her cousin, Vernon Carr of Houston, Tex., who is stationed at the Navy Pier. Mr. Redfield expects to leave this week for active service with the coast guard.

## Poultry Raising Will Be Taught at Dixon High School

Monday evening, March 2, the first of a series of meetings dealing with poultry production problems, will be held. These meetings will be held at the high school with L. V. Slothower, agriculture instructor in charge and will start at 7:30 in the evening.

Under average farm conditions the care and management of the poultry flock is usually the responsibility of the farm women. Their task becomes doubly important during the present emergency, particularly since an enormous increase in egg production is being urged for 1942. It is for this reason that the series of meetings concerning poultry production is being offered.

Topics which are to be presented for study and discussion are: chick raising hints, first six weeks; chick raising hints, six to 12 weeks; chick diseases and their control; protection against parasites; summer management problems; getting pullets ready for the laying house; farm poultry houses; emergency poultry houses; bringing pullets into full production; prevention of molt; prevention of cannibalism in the laying flock; maintaining production through the winter months.

The meetings will be held in room 112 at the Dixon high school. Persons attending are requested to use the west entrance which will be opened at 7:15. While these meetings are designed primarily for the farm women, they are by no means restricted to them alone. Any persons interested in poultry production are invited to attend.

St. Petersburg, Fla., Feb. 24—Traveling Secretary Leo Ward of the St. Louis Cardinals was hanging around today with his fountain pen filled, ready to do business with Pitches Harry Gumbert, Max Lanier and Marray Dickson.  
The trio missed the Cardinals' first drill because they were unsigned but no serious disagreements have been reported.

Clearwater, Fla.—Manager Lou Boudreau says that for the first time in at least 20 years the Cleveland Indians will split their daily workouts during the first week with calisthenics and pepper games in the forenoon and batting drills after lunch.  
"Certainly no one can deny that we can stand some improvement in our hitting department," commented the young chieftain.

Avalon, Calif.—Kiki Cuyler, former Chicago outfielder and now a coach, has been assigned the task of teaching Lou Novikoff how to run instead of waddle.  
"He throws all his efforts to the sides when he runs instead of reaching forward with his legs," moaned Kiki of the Mad Russian's stiff-legged prance.

Lakeland, Fla.—Del Baker, Detroit manager, thinks Dick Wakefield, the former University of Michigan "outfielder" who signed for a reported \$45,000, has improved "50 per cent over last year."  
"But," added Baker, "he still has a long way to go."

Game 7—8:30 p. m.—Winners games 4 & 5.  
FINALS ON FRIDAY  
Game 8—7:30 p. m.—Winners games 6 & 7.

The Franklin Grove State District Tournament will start tonight in the Kersten Gym at Franklin Grove with the first game getting underway at 7 p. m. between Lee and West Brooklyn high schools.  
The winner and runner-up of this tourney which has its finals on Friday night will advance to the Dixon Regional Tourney scheduled for next week. The winner will face Sterling in the upper bracket and the runner-up will face Prophetstown in the lower bracket of the Regional.

In the opener of the tourney West Brooklyn will face Lee. These two teams have faced one another three times previously during the season. Lee beat West Brooklyn twice and dropped a third encounter to her.

Lee has played thirteen games this season; winning nine and losing 4. She has rolled up a total of 426 points this season to her opponents 321. She lost her first game in the G. R. V. S. tourney to one of the finalists, Steward, 54 to 37. Nevertheless Lee did go to the finals of the Meridian Conf. tourney by beating Kings, West Brooklyn and losing in the finals to Poplar Grove. The Lee boys that will see most of the action during the tourney are: N. Johnson, J. Johnson, J. Prestegard, Hermann, Wrigley, and Chaland. Prestegard is Lee's big threat and is also listed as her high scorer for the season.

West Brooklyn, on the other hand, has a record of 8 wins and 8 losses. She worked herself as far as the semi-finals of the Meridian Conf. tourney where Lee stopped her. She has a season scoring record of 508 points to her opponents 511. The boys to see action for West Brooklyn and their scoring records for the season are as follows: Capt. Francis Ege with 210 points, Gene Gehant with 167, Gene Michel with 74, Roger Bieschke with 39 and Irvin Vincent with 18.

Coach Knudsen of Lee has been winning trophies and conferences for years with that high school while John Gable in his first year at West Brooklyn is having a bang-up season with a squad of only five boys.

Walnut and Paw Paw will face one another in the second game of the evening at 8 p. m. Paw Paw boasts the better season record with 14 wins and only 5 losses. Paw Paw also won the G. R. V. C. tourney by turning back the strong Steward club in the finals. Coach Flancher of Paw Paw will be out to duplicate his performance of the last two years for Paw Paw has won two consecutive District titles. Walnut will be slightly handicapped for she lost two boys in mid-season, but Coach Neal Mosher's outfit is a coming team and her performance might be better than most suppose.

Walnut has won seven games and lost eight; she has no outstanding scorer but her point getters are about on a par which gets make her a threat in anybody's league. The following boys will compose Mosher's tournament team: Laurence Glafka, Billy Waterhouse, Louis Gonigan, Francis Bangston, Kenneth Baumgartner, Tom Durham, Clarence Hasenager, Neale Anderson, Forrest Peterson and Harold Wallis.

Coach Flancher's tournament squad is composed of Knetch, Town, Boyle, Urish, Rafferty, Tyerman, Mason, Vance and Brewer. In the third game tonight Franklin Grove will face Rollo at 9 p. m. Franklin has a fair record for the season with 8 wins and 12 losses. Rollo has done little this season and probably won't be much of a threat to the Wildcats for she has only won two games in fourteen.

GAMES Wednesday Night  
Steward faces Ohio Wednesday at 7:30 p. m. Coach Stenbach's Steward cagers have rung up an enviable record of 14 wins in 18 games. Coach Barnes' team from Ohio has won 13 out of 19 games. Steward has rolled up 848 points this season to their opponent's 611; for an average of 47 points per game. Her starting line-up and their individual scoring records are as follows:

Illini Face N.U. In Chicago Stadium Saturday Evening

Chicago, Feb. 24—(AP)—The Big Ten basketball championship today was within the reach of the University of Illinois five that started the season billed as "the greenest and tallest in Illinois history."

A 45 to 43 victory over Wisconsin last night, coupled with a 55 to 52 Iowa conquest over Indiana, assured the Illini a share of the title. One more victory to add to the already impressive record of 11 wins and only one defeat will secure the first undisputed Illinois cage championship since 1915.

Three games in which that goal could be achieved remain on the schedule and it may be reached Saturday night when the Illini face Northwestern, triumphant in only four of 12 encounters, in the Chicago Stadium.

Illinois staked out the last ten minutes of last night's battle, starting delaying tactics with a seven-point advantage. With only five minutes left to play, the Illini were ahead 45 to 38. A free throw and field goal by John Kotz and a long looper by Ed Scheiwe brought the score to its 11 final mark. Kotz, the loop's leading scorer, garnered 11 of the Badger points, but Andy Phillip took game honors with 14.

In definitely nailing down a share of the title, Illinois could credit an assist to Tommy Chapman and Rudy Soderquist, who scored 21 and 15 points, respectively, as Iowa defeated Indiana. The Hawkeyes were behind only once, but the Hoosiers were always too close behind for comfort and it was not until Wendell Hill drove under the basket for a goal with 30 seconds remaining that Iowa could feel safe.

That result led to a four-way tie among Indiana, Iowa, Purdue and Minnesota, each with eight victories and four defeats, for second place in the standings. Saturday night, Minnesota will play at Indiana and Purdue will face Iowa at Iowa City.

Purdue had little trouble in subduing Northwestern last night, 56 to 40. Don Blanken scored 17 points and Forrest Sprowl 15 to keep the Boilermakers in the race for second place honors. In a battle of the last place clubs, Chicago absorbed its fourteenth Big Ten defeat of the season from Michigan, in a 61 to 37 encounter. The same two teams will meet at Ann Arbor Saturday night.

Ohio State and Minnesota were idle last night.  
The standings:

Coach Barnes' tourney squad will be composed of D. Kerr, Anderson, Sisler, Brown, Powers, Smith, Krapf, Sheehan, Warkins, Esterday, Smith, and Kramer. Kerr is the high scorer for the Ohioans with 197 points, Anderson follows with 147 points and Sisler with 134.  
In the last game of the first round Earlville will face the winner of the first game. Earlville, who has been playing in extremely fast competition this season, shows a fair record of 7 wins and 11 losses. She tallied 505 points to her opponents 547. Coach Theo. O. Zimmerman's team was a finalist in the Yorkville Holiday tournament. Earlville should show to fine advantage when she faces either Lee or West Brooklyn tomorrow night for both of the latter are from much smaller schools.

Lorene Shoppe Wins Three From League Leading Villigers

Dr. Bend Bowlers Move Into Tie for First Place

Villiger Drugs, that first place bowling club in the Dixon Recreation Ladies' bowling department, slipped a little last night and came within immediate striking distance of several teams. Villiger's dropped three games to the Lorene Beauty Shoppe. Dr. Bend's team, even though winning only one game last night declared itself in for a tie with the Drugs in the top spot. Second place went into a three way tie due to activities last night and third place ended in a four way tie.

In the three game victory of Lorene's over the Drugs, Salisbury paced the winners by rolling a 392 series. Huyett led the losers with a 429 series.  
Dr. Bend's was the fortunate feeling team after last night's session for they won only one game and lost two to the Plum Hollow; nevertheless this one tilt let them into a tie for first place in the league. Cline rolled a 424 for the Plum Hollow's best performance and Egan fronted the Bend team with 419.

The Peter Piper ladies managed to hang onto a tie for second place as it won two games from the Rainbow Inn. Duffy rolled a 416 for the Piper gals and Ellis paced the losers with 446.

Eichler Bros. in order to keep in the upper bracket of the standings had to defeat the Dixon Cafe team three times and that's exactly what they did. Detweiler contributed high score for the winners with a 450 and Stiles ran high for the Cafe with 383.

The Dixon Floral Shop won two out of three from the Frazier Roofing Co. last night at P. Carson led her Florists with 468 and Hoff bowled the high series for the Roofers with 438.

Kathryn Beard's won two and dropped a third to the Manhattan Cafe. Klein led the winners with 465 and Kaufman was high kegger for the losers with 429.

The Nu-Fashion Beauty outfit tripped up the Bowman Bros. quintet in two games. Oehl bowled high for the Beauty team with a 448 and Courtwright with a 423 was high for the Bowman team.  
The Rainbow Inn took over the Christos Grocery squad as Legore hit a 484 for the Inn and Fischer hit the high mark for the Grocers with 421.

D. Mercer and P. Hopkins Win First in Mixed Doubles

The weekly mixed doubles at the Lincoln Lanes went along smoothly last night without any records being broken but nevertheless some excellent bowling being displayed as D. Mercer and P. Hopkins took the night's high honors with a score of 1111. L. Brill and R. Cottle grabbed the second place graces with 1093 and A. Verhune and C. Poppinhouse rolled third high with 1076.

A number of high games were rolled but George McGraham, Jr. stole the show as he tripped the pins for a 214 count. Mrs. C. Scanlon and Betty Tooley each rolled a 146 game which was good for the ladies' high honors. Other

## Patriotic Party

Red hatchet name cards and blue-and-red mint cups marked the eight places at the dining table of the Henry T. Miller's Sunday evening, when young Dick entertained his friends at a dinner party. Red, white and blue napkins, napkins and table appointments were in keeping with the patriotic theme in honoring the birth date of George Washington. The sumptuous dinner was topped with individual cherry ice cream pies for desert, and games kept the lads occupied the remainder of the evening.

## To Read "Claudia"

The February meeting of the Rochelle Arts club will be held at the home of Mrs. William R. Brown, 828 North Lincoln Highway on Friday afternoon at 2:45 o'clock. Mrs. Frank Countryman will read from the season's hit play, "Claudia". Musical numbers will be given by Herbert Westbrook of the central school. An informal tea will follow the program.

## Moose Sponsor Class

Rochelle Lodge No. 908 will join the 1500 other lodges of the Loyal Order of Moose in paying tribute to the memory of America's two greatest patriots, George Washington and Abraham Lincoln, by sponsoring the enrollment of a large class of candidates this evening. This class will be the largest group initiation held locally for the past five years.

Reproductions of the Stuart etching of Washington and the portrait of Abraham Lincoln, beautifully framed in one assembly, will be presented to the local lodge in recognition of its participation in this ceremony, by the supreme lodge of the Loyal Order of Moose.

## Enroute to Miami

William Kassul, local theatre manager, left Sunday by Dixie Flyer for Miami, Fla. The vacation trip is in the nature of a prize award by the Alger chain of theatres at the conclusion of a four-week's contest for the managers. The one showing the most activity, securing additional business, and betting the best results, won for Mr. Kassul, this trip.

## Return Cards Pour In

A few hundred cards have been returned to the Chamber of Commerce in response to the public request for opinions on the following questions regarding a city hospital to replace the privately-owned one which will soon close:

- 1.—"Shall the city buy present hospital at \$20,000 plus maintenance cost?"
  - 2.—"Shall the city lease present hospital at \$2,400 per year for ten years plus the maintenance cost?"
  - 3.—"Shall the city construct and equip a new modern hospital costing approximately \$60,000?"
- It is hoped that every resident will mail in his postal of opinion, and will be influenced only by that which he deems the welfare of the future hospital patients.

## Car Fire Extinguished

On Friday evening, about 9:30 o'clock, the Rochelle fire department received a call from the Caspers garage on North Lincoln Highway to extinguish a fire in the car of Charles A. Syhard of Normal Blvd., Chicago. Damage to the car amounted to about \$15.

## OCD BILL SIGNED

Washington, Feb. 23.—(AP)—President Roosevelt has signed into law a \$163,794,016 deficiency appropriation bill carrying \$100,000,000 for purchase of equipment and supplies for the civilian defense program.

The bill itemizes how the OCD may spend its fund and specifically prohibits the employment of dancers or others not working in an administrative capacity last Jan. 27.

## Dixon Employees of Railway Express Co. Get Awards

Throughout the year 1941, twelve thousand vehicle employees of Railway Express Agency operated the trucks assigned to them without a single accident for which they were responsible, and will receive safe-driving merit cards for their excellent records, an announcement by L. O. Head, president, indicates.

At least 3000 of these operators have maintained perfect no-accident records since the Agency in-

augurated the Safety Plan in 1935, while many of them have yet to have mishaps charged against them since accident statistics were first inaugurated in the express service, on a national scope, in 1918.

The merit cards are awarded for each year of no-accident driving, with those for five, six and seven year records bearing the personal signature of President Head. Presentations will be made in the cities and towns where the winning drivers are employed. At many such functions, the mayor, chief of the traffic police or head of the local safety council officials.

In the collection, transfer and

delivery of express shipments, the Express Agency operates what is said to be the largest commercial fleet under a single management. It includes motor trucks of various types and sizes, tractors and trailers, electric trucks and small station and terminal motor-driven units.

Over 600 operators of the terminal tractors, included in the awards for the first time last year, qualified for merit cards.

The Express Agency's safety plan, now in its eighth year, involves an extensive system of supervision and instruction of employees in safe driving practices. The hazards facing express drivers are generally regarded as

above the average, as these vehicles must be operated in the most congested areas of cities and towns during the hours of heaviest local street traffic.

The local employees to receive these "No Accident Merit Cards" include:

W. M. Pierce, 7 year card signed by the president.

J. B. Woodworth, 3 year card signed by the vice president.

C. L. Ringler, 2 year card signed by the General Manager.

Many are looking for houses and rooms. They come to The Evening Telegraph. If you have any such—an ad would bring results.

## New Archbishop of Canterbury Is Named

London, Feb. 24.—(AP)—The Archbishop of York, Dr. William Temple, was nominated by King George VI Sunday night to succeed Dr. Cosmo Gordon Lang as Archbishop of Canterbury, the highest clerical position in the Church of England.

In replacing the 78-year-old Dr. Long, who offered his resignation a month ago to yield to a younger man as primate of all England, Dr. Temple becomes the first son of an Archbishop of Canterbury to attain the same high place as his father.

## Death Bed Charge Against Carolyn Payne Is Recited

Bloomington, Ind., Feb. 24—(AP)—"Carolyn Payne shot me but I didn't see her".

That accusation, two witnesses testified yesterday, was made by Charles O. Mattingly, Indiana public service commission attorney and examiner, as he lay dying with five bullet wounds in his back July 5, 1941.

Mrs. Payne, attractive 44-year-old newspaper executive, was on trial charged with first degree murder. The state alleged Mrs. Payne, in whose home the 37-year-old newspaper executive, killed him because of jealousy over his marriage to his secretary.

The witnesses who testified about Mattingly's dying words were Dr. Russell A. DeMotte, acting coroner, and Gust Nickas, Mattingly's host the night of the shooting.

The defense entered a special plea of temporary insanity. Dr. DeMotte told the Monroe county jury of 11 men and a woman he saw the defendant in jail shortly after the shooting and "she acted like a sane individual".

Other witnesses related Mrs. Payne knew Mattingly was at Nickas' home, that she was in the neighborhood at the time of the shooting and that when gunfire blazed through a screened window Mattingly gasped "she got me".

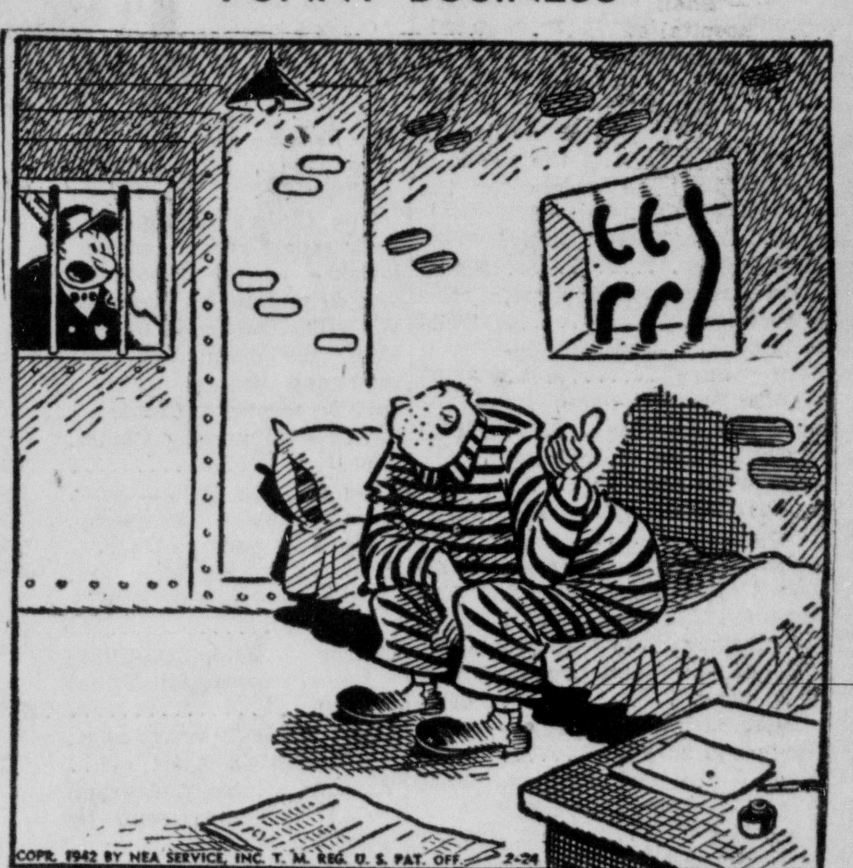

Witnesses appearing yesterday were the first of about 40 whom the state planned to call. The prosecutor said the state's side of the trial would consume a week.

# PROCEEDINGS OF LEE CO. BOARD OF SUPERVISORS

State of Illinois, County of Lee, ss.  
At the hour of ten o'clock in the forenoon on Thursday, February 5th, 1942, the Board of Supervisors of Lee County met at the Court House in Dixon in monthly meeting.

Present Chairman Spencer and Supervisors Hemenway, Buckingham, Vaupel, Archer, Elmer J. Miller, Sproul, Prescott, Theo. J. Miller, Higby, Dulen, Mau, Kranov, Willis, Finn, Becker, Wolf, Emmitt, Hart, Mehhausen, Cortright, Kuebel, Webber, Risetter and Case.

A motion was made by Supervisor Kuebel, seconded by Supervisor Mehhausen, that all claims and communications on file be referred to the proper committees. Carried.

Attorney Elwin Wadsworth, a member of the County Draft Board of Appeals, spoke before the Board relative to the shortage of farm labor as well as existing conditions in the factories and stores. He asked that if possible each township should organize a board of three members and this board could meet with the local draft boards and if possible offer suggestions and assist in the selection of draftees. He gave a very good talk on conditions as they are at present and what might develop in the future. Several other men of the County also explained their ideas as did several of the Supervisors. No action was taken on the matter.

The Clerk read several resolutions received from other Counties and State Organizations as being opposed to the new permanent registration law. Some discussion arose regarding the law after which a motion was made by Supervisor Prescott and seconded by Supervisor Hemenway that the chairman appoint a committee of three and they to draw up a resolution as being opposed to the law during this emergency. Carried. Thereupon Chairman Spencer then appointed Supervisors Prescott, Kranov and Hemenway to prepare a resolution and present it at this meeting of the Board.

Chairman Spencer reported to the Board that he as well as several supervisors and County Officials had attended the meeting at Freeport on January 21 of the counties in the 13th Congressional District to discuss present and proposed legislation effective Townships and Counties.

On motion made by Supervisor Archer, seconded by Supervisor Risetter, the Board adjourned until two o'clock in the afternoon. Carried.

At the hour of two o'clock in the afternoon the Board of Supervisors reconvened pursuant to adjournment. Present same as at the morning session, including Leon W. Miller.

Board of Supervisors  
February 5th, A. D. 1942

State of Illinois, Lee County, ss.  
Mr. Chairman and Gentlemen of the Board of Supervisors:

Your Committee to whom was referred the repeal of blind pensions of Esther Baker, Etta Stillwell, Nancy Eddy and Henry Hasselberg, would beg leave to submit the following report:

That the pension of Etta Stillwell be still kept in force from the time it was ordered held up, beginning January 1st, 1942.

That the pensions of Esther Baker, Nancy Eddy and Henry Hasselberg be discontinued.

All of which is respectfully submitted.

J. W. CORTRIGHT,  
Chairman.  
GEO. F. PRESCOTT,  
CHAS. C. CASE,  
J. E. MAU.

On motion made by Supervisor Emmitt, seconded by Supervisor Elmer J. Miller, the report be received, approved and placed on file. Carried.

The Clerk read the following resolution as drafted by the Special Committee on Permanent Registration:

**RESOLUTION**  
WHEREAS, the emergency that now exists in this county and state is bound to affect our economic state.

AND, WHEREAS, the Governor of the State of Illinois and the Legislature of the State of Illinois at their last regular session did enact a voter's permanent registration law for downstate Illinois.

AND, WHEREAS, we the Supervisors of the County of Lee in the State of Illinois believe that the permanent registration will cost the people of Illinois Hundreds of Thousands of Dollars.

AND, WHEREAS, this registration will use materials that are vital to defense.

AND, WHEREAS, in downstate Illinois the elections have been free of fraud and dishonesty.

NOW, THEREFORE, BE IT RESOLVED that the Governor of the State of Illinois be humbly requested to include in his call for the next extraordinary session of the Illinois Session of the Legislature, when called, the subject of permanent registration of voters with a recommendation that it be postponed until after the emergency.

AND FURTHER, that a copy of this resolution be sent to each State Senator and each Representative of this Senatorial district.

**BOARD OF SUPERVISORS OF LEE COUNTY, ILLINOIS**  
By D. H. SPENCER,  
Chairman of said Board.

On motion made by Supervisor Hart, seconded by Supervisor Higby, the resolution be adopted as read. Carried.

The following request from Superintendent of Highways Fred W. Leake, was read to the Board by the Clerk:

February 5, 1942.  
TO THE HONORABLE CHAIRMAN AND MEMBERS OF THE LEE COUNTY BOARD OF SUPERVISORS.

Gentlemen:

I have in my charge the sum of Six-Hundred Three and 87-100 dollars, (\$603.87), and would like to procure an order from the County Clerk to turn the same over to the County Treasury into the County Highway Fund.

Respectfully submitted,  
FRED W. LEAKE,  
Co. Supt. of Hwys.

On motion of Supervisor Finn, seconded by Supervisor Risetter, that the request be granted. Carried.

The Clerk read the report of the Road and Bridge Committee on the allowance of claims and which must be approved by the entire board before payment can be made.

A motion was made by Supervisor Mau, seconded by Supervisor Sproul that the report be adopted as read. Carried.

The Clerk read the following amended resolution for improvement by M. F. T. Funds:
